LIMESTONE

Limestone è l’incontro tra natura e design: lastre ceramiche che reinterpretano l’eleganza autentica della pietra con superfici luminose e materiche, creando spazi contemporanei dal fascino essenziale, equilibrato e senza tempo.

Limestone is where nature meets design: ceramic slabs that reinterpret this stone’s innate elegance with gleaming, tactile surfaces, creating contemporary interiors of simple, immaculate, timeless beauty.

Limestone est la rencontre entre nature et design: des dalles céramiques qui réinterprètent l’élégance authentique de la pierre à travers des surfaces lumineuses et texturées, pour créer des espaces contemporains au charme essentiel, équilibré et intemporel.

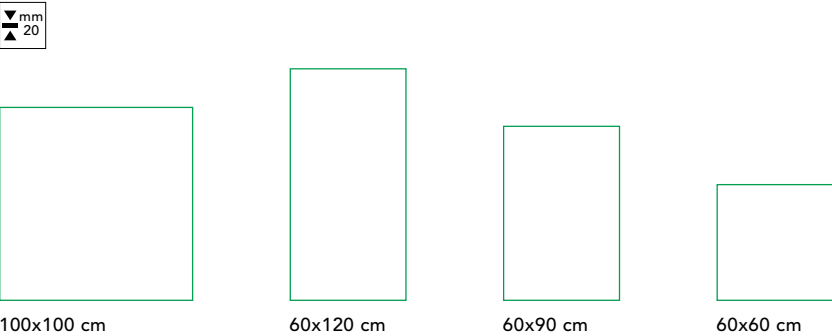

Bei Limestone treffen Natur und Design zusammen: Die Keramikplatten interpretieren die natürliche Eleganz des Steins mit hellen, strukturierten Oberflächen, die moderne Räume mit minimalistischer, ausgewogener und zeitloser Ausstrahlung schaffen.
